TECHNOLOGY CENTER R3700

Dear Sir or Madam:

Submitted herewith in accordance with 37 CFR § 1.56 is a supplemental disclosure on form PTO/SB/08A of the pertinent art of which the applicant and attorneys of record have knowledge, along with copies thereof to facilitate examination by the Examiner. The references submitted herewith were uncovered as a result of a recent supplemental patent search conducted in connection with the filing of a prior art submission under Rule 1.99 responding to the publication of U.S. Patent Application Serial No. 10/387,281, Publication No. US 2003/0174206.

The art contained in this Information Disclosure Statement has been cited primarily to disclose prior uses of underwater camera devices which incorporate the use of various sensors for detecting conditions of the surrounding environment, such as lighting, depth, temperature, and magnetic heading of the camera. While the use of an electronic compass is disclosed, nowhere in the enclosed information does it disclose a means for determining and displaying the directional orientation of an image capture device, such as a camera, relative to the image display device to which it is connected. It is therefore the opinion

of the Applicant and undersigned that each of the claims presented in the instant application are patentably distinguishable over the submitted art.

In accordance with 37 CFR § 1.97(h), the filing of this Information Disclosure Statement is not to be construed as an admission that any references or combination of references cited herein is, or is considered to be, material to patentability as defined in 37 CFR § 1.56(b).

Applicant's submission of this Supplemental Disclosure Statement is believed to be timely in that it has not yet received a first Office action on the merits of the case. Nevertheless, The undersigned hereby certifies pursuant to 37 CFR § 1.97(e) that no item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application and, to the best of the undersigned's knowledge after making reasonable inquiry, no item of information contained in this Information Disclosure Statement was known to any individual designated in 37 CFR § 1.56(c) more than three (3) months prior to the filing of this Information Disclosure Statement.

In the event there is a required fee for submission of this Disclosure Statement, the Commissioner is hereby authorized to charge any required amount to our Deposit Account No. 19-0715 and notify us of the same.

Respectfully submitted,

Brian F. Schroeder, Reg. No. 32,435
